

OFSAA Ontario Volunteer Service Awards

OFSAA started nominating individuals for the Ministry long service awards in the year 2000, recognizing those many people who have acted as Association Representative, served on OFSAA committees, convened OFSAA events, been a member of the OFSAA Board of Directors, Principals' Representatives in addition to involvement in their schools and Associations. Nominees may be active teacher-coaches or retirees, and three men and three women are nominated annually. The individuals are presented with their awards in their local area at a special reception honoring all volunteers from many organizations. Recipients are selected from a list of names put forward by staff and Association Representatives.
